One of the most common elements of Desert Sun is the tree. The tree is very symbolic of our school. As a tree has its roots planted firmly in the ground, so do the people of Desert Sun; as a tree stretches its limbs toward the light and freedom of the sky, so do the students of Desert Sun reach toward the light and freedom of a higher education.....

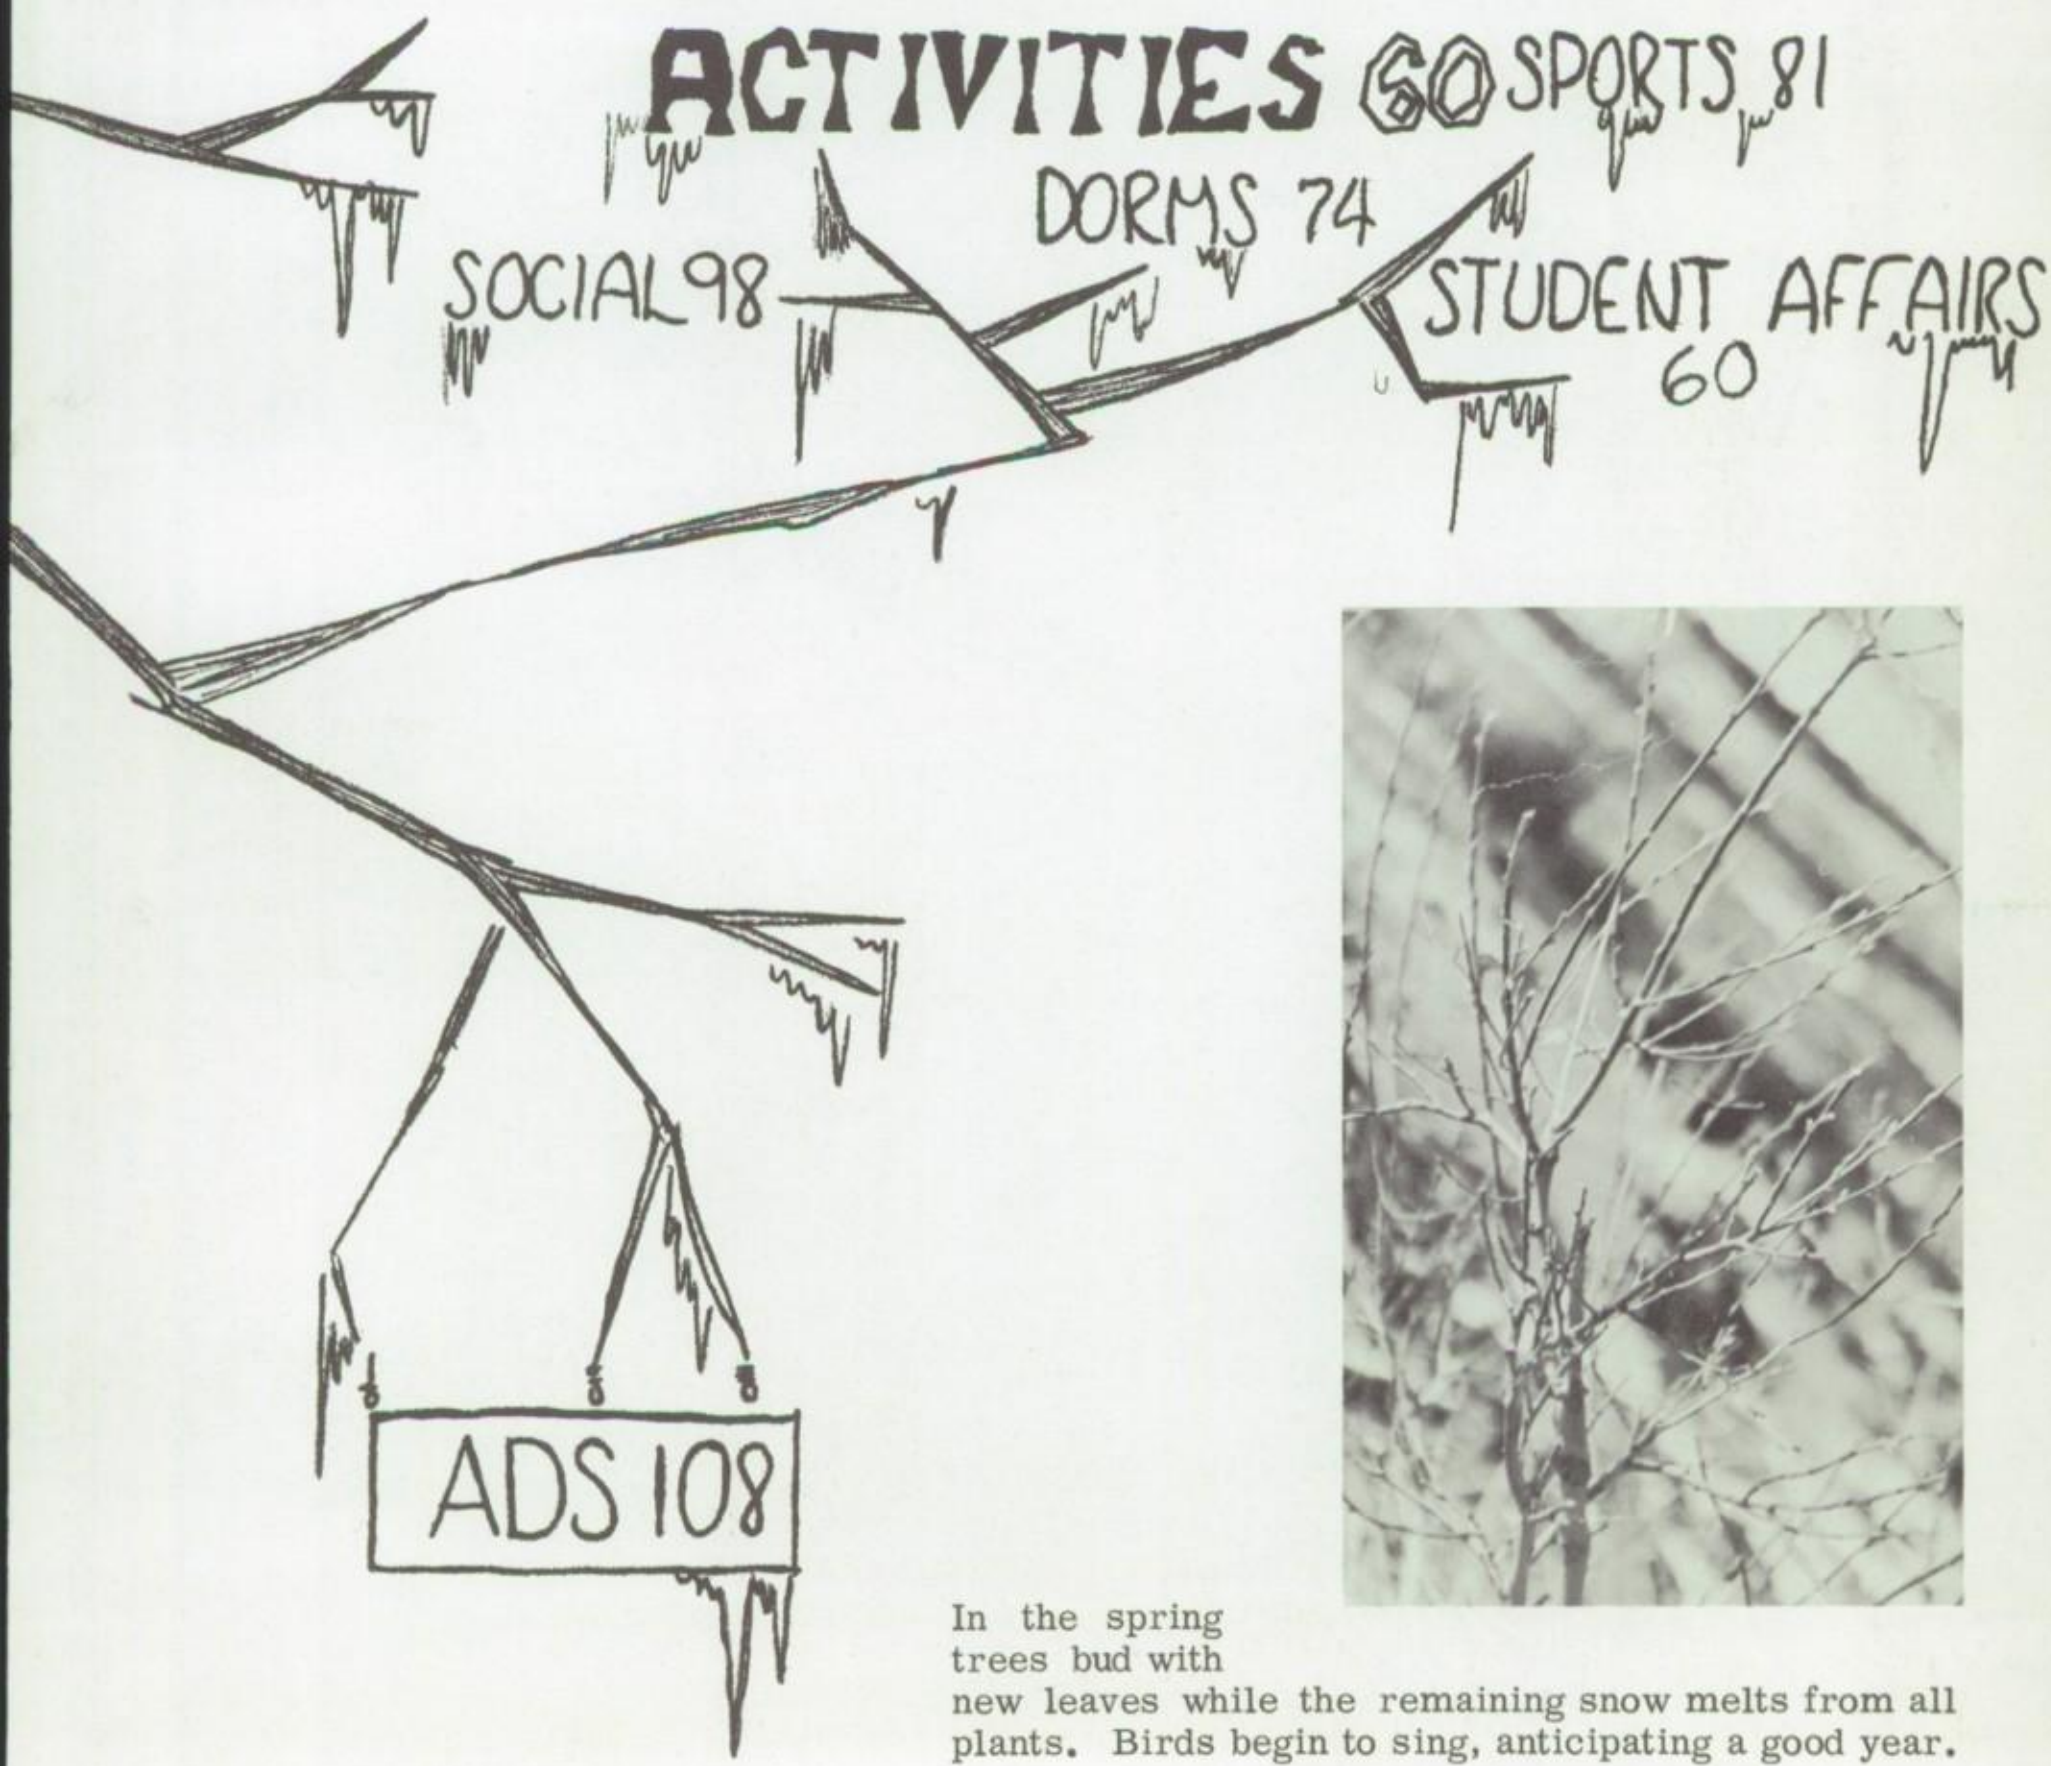
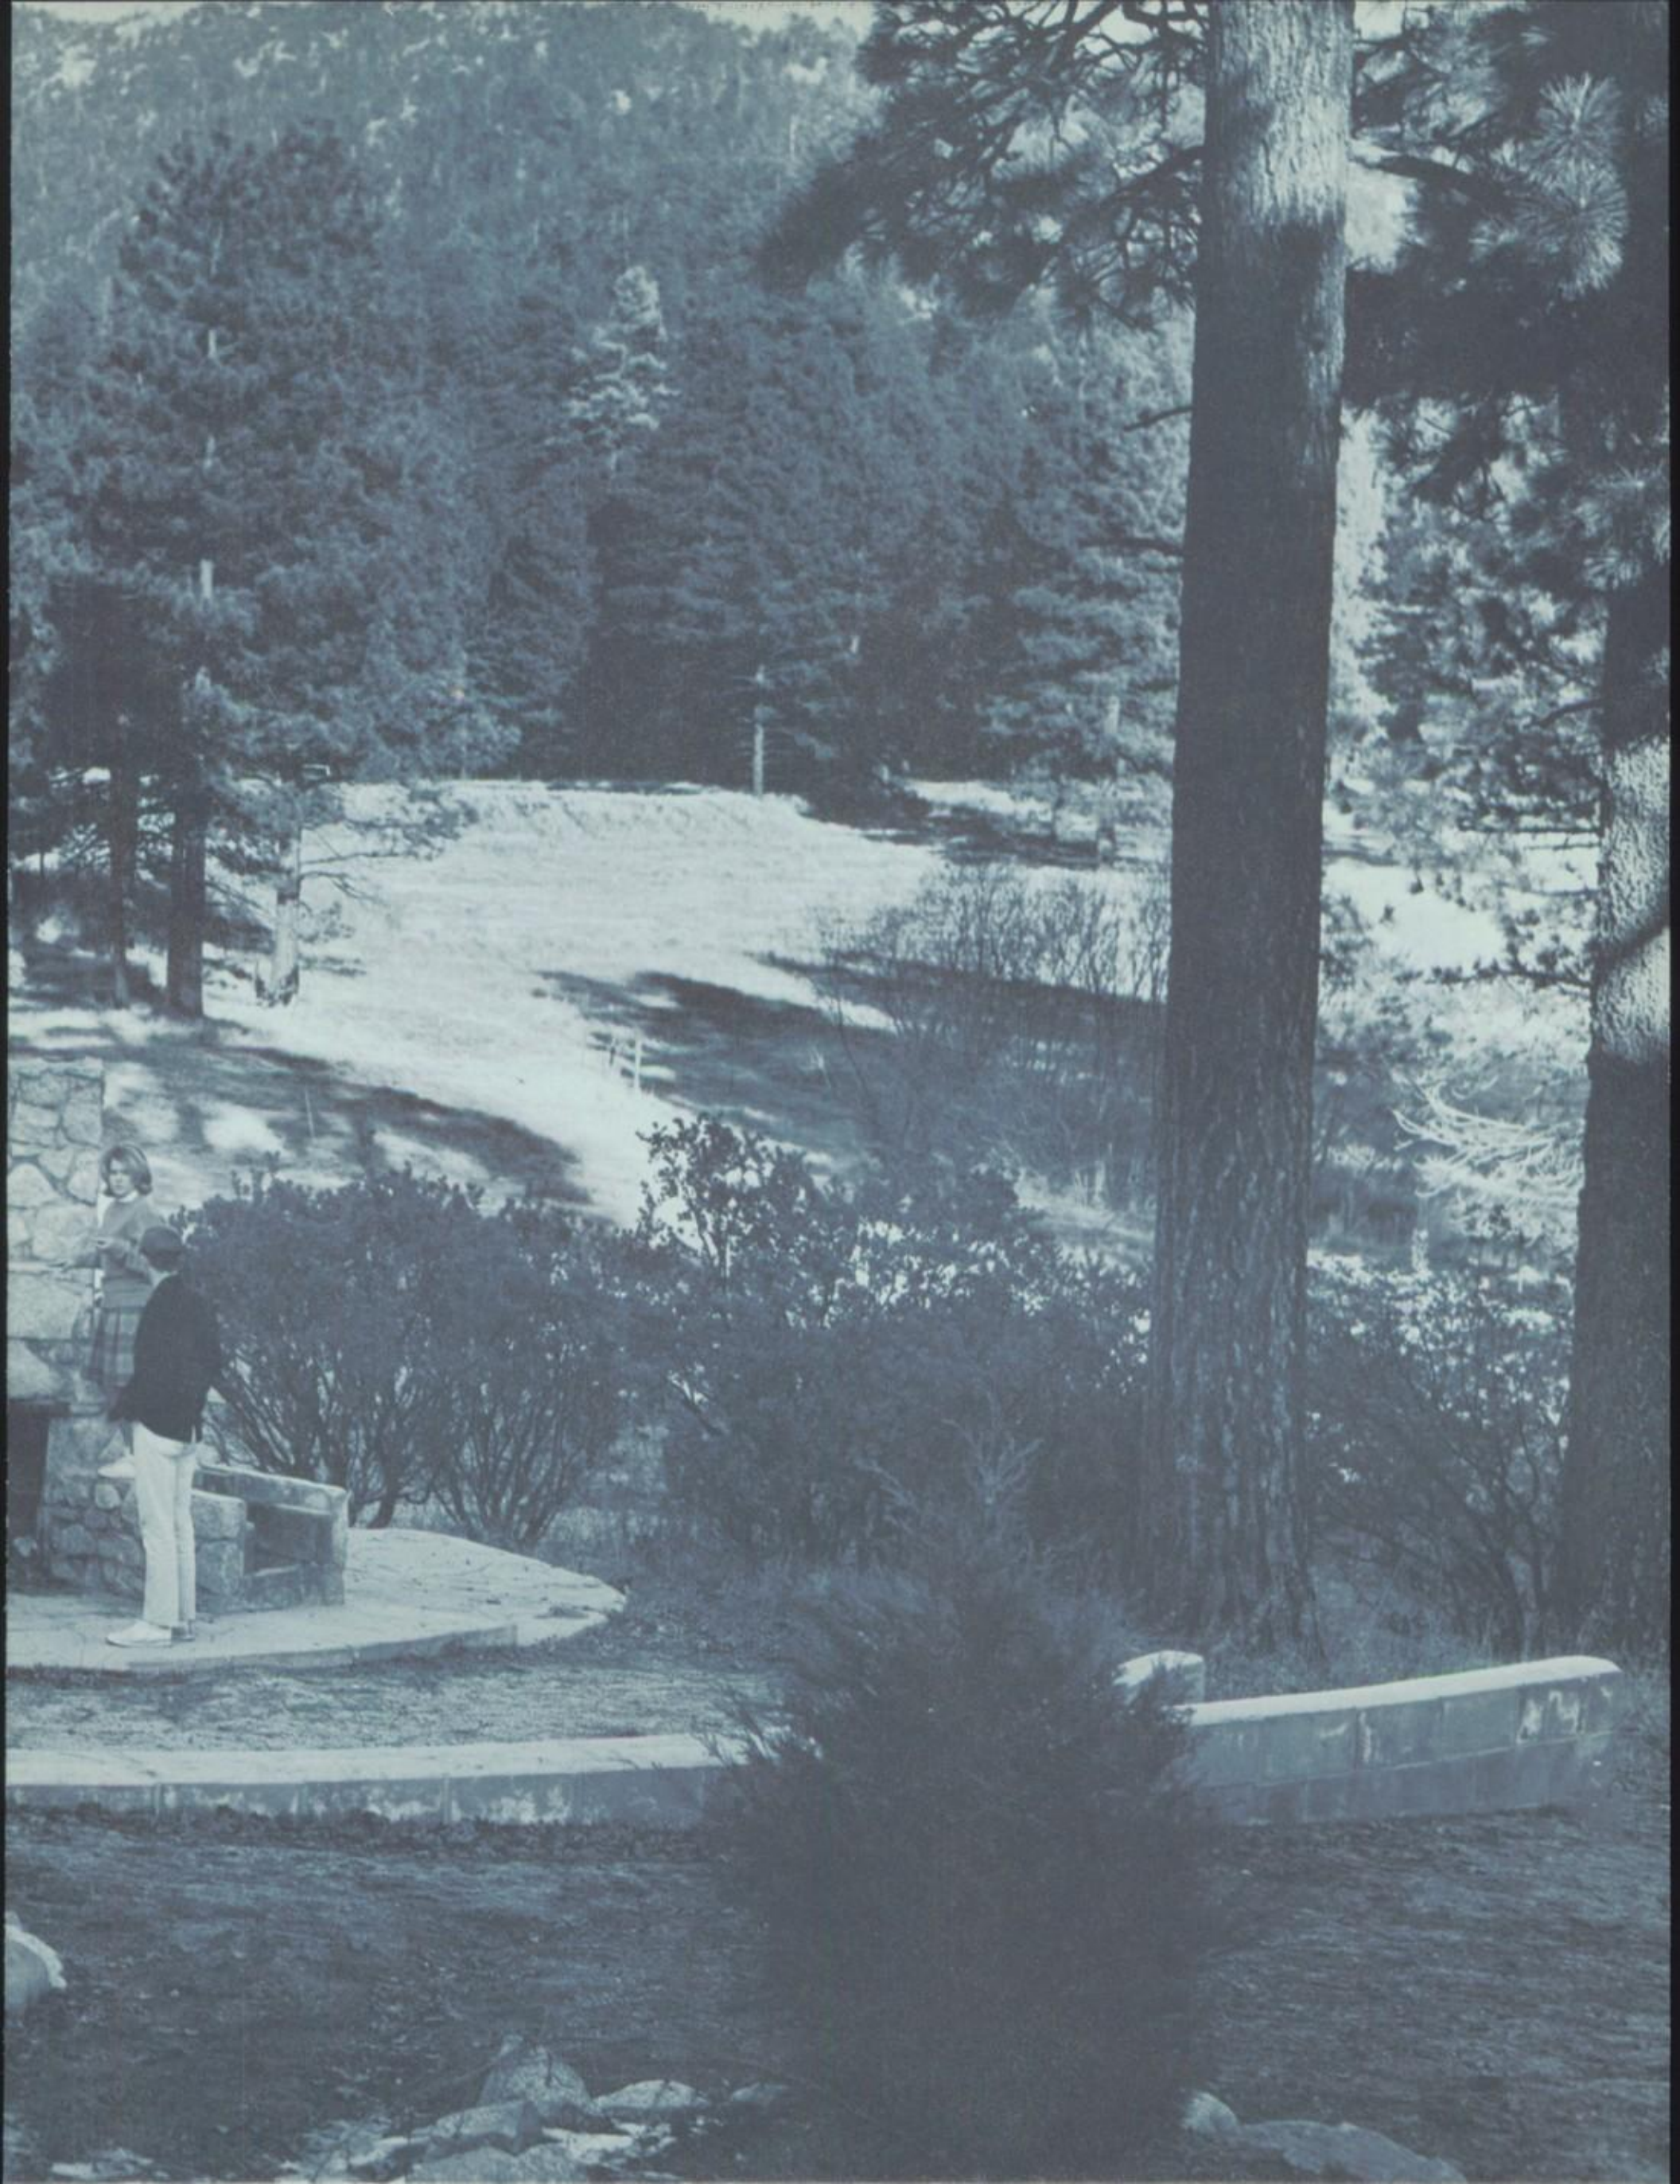
CLASSES 22.

Fall at Desert Sun is a very picturesque season. Our oaks turn to shades of orange, gold, and maroon; the manzanita bushes get little brown berries on them; the meadow turns to an ochre color, and there is a little nip in the air of the oncoming winter.

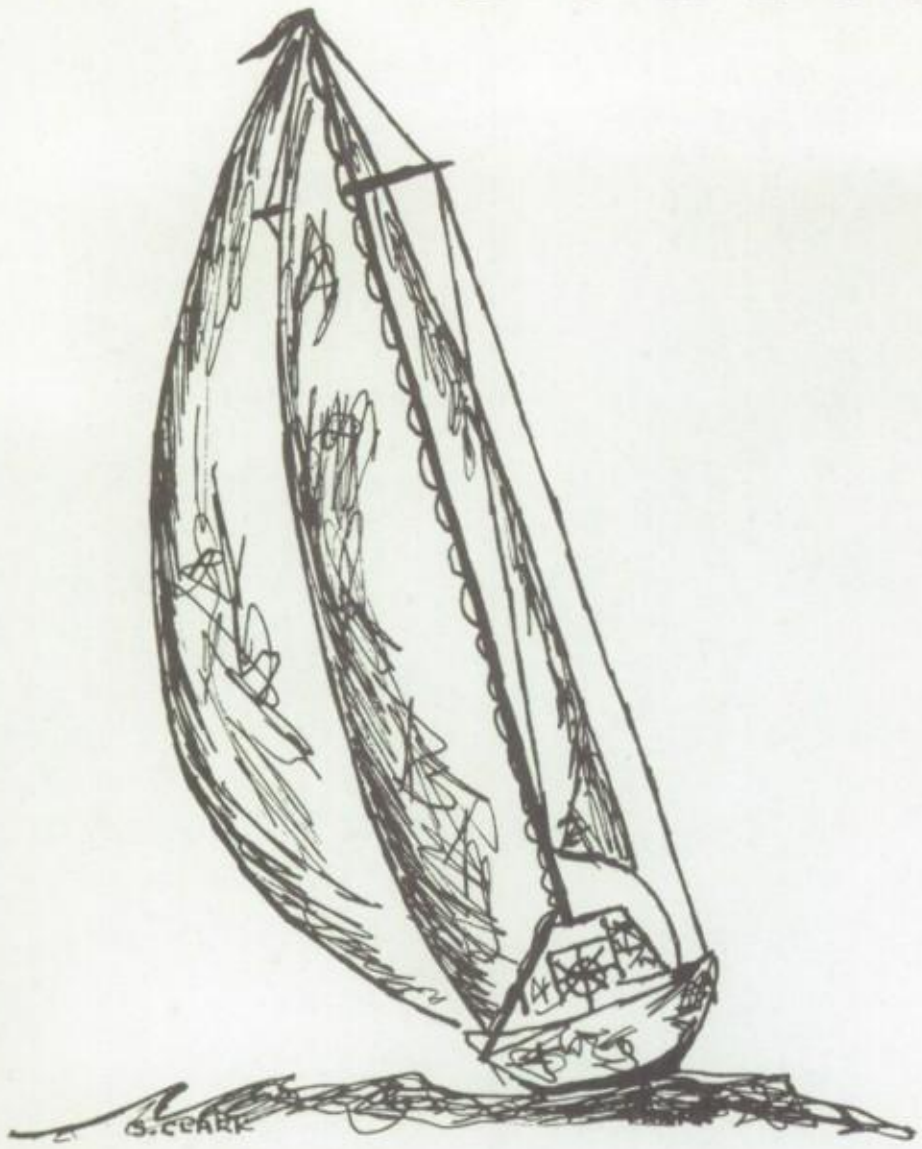
The season of winter can be, with luck, a very beautiful time of year. The sky becomes gray, the oaks shed their leaves and assume an appearance of giant gray ghosts, and finally, the snow falls.



In the spring trees bud with new leaves while the remaining snow melts from all plants. Birds begin to sing, anticipating a good year.



Dedication



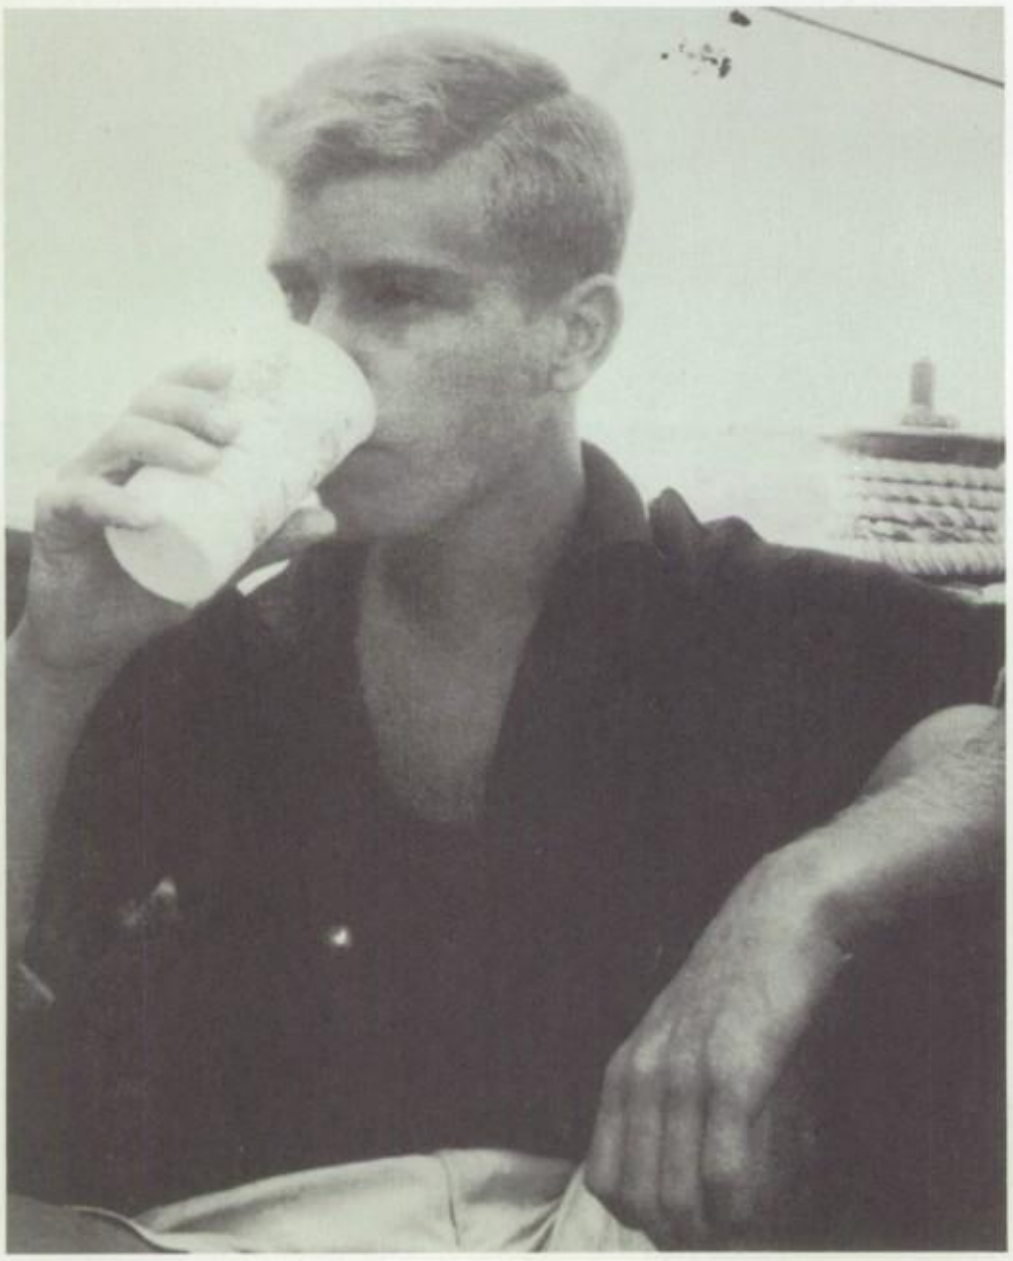
BEYOND THE HORIZON

When men go down to the sea in ships,
'Tis not to the sea they go;
Some Isle or Pole the mariners' goal,
And thither they sail through calm and gale,
When down to the sea they go.

When souls go down to the sea by ship,
And the dark ship's name is Death,
Why mourn and wail at the vanishing sail?
Though outward bound, God's world is round,
And only a ship is Death.

When I go down to the sea by ship,
And Death unfurls her sail,
Weep not for me, for there will be
A living host on another coast
To beckon and give "All Hail!"

- Robert Freeman



We of the Senior Class of 1963 dedicate the Thunderbird to Richard Hamilton Steele, who was lost at sea in July of 1962.

"Rick" was liked by everyone with whom he came in contact. Rick contributed in every aspect of Desert Sun life during his three years here. He was very active in athletics, and was a very diligent worker in the classroom.

So true are the words written by Walt Whitman;

"What are those of the known but to ascend and enter the Unknown?

And what are those of life but for Death?"

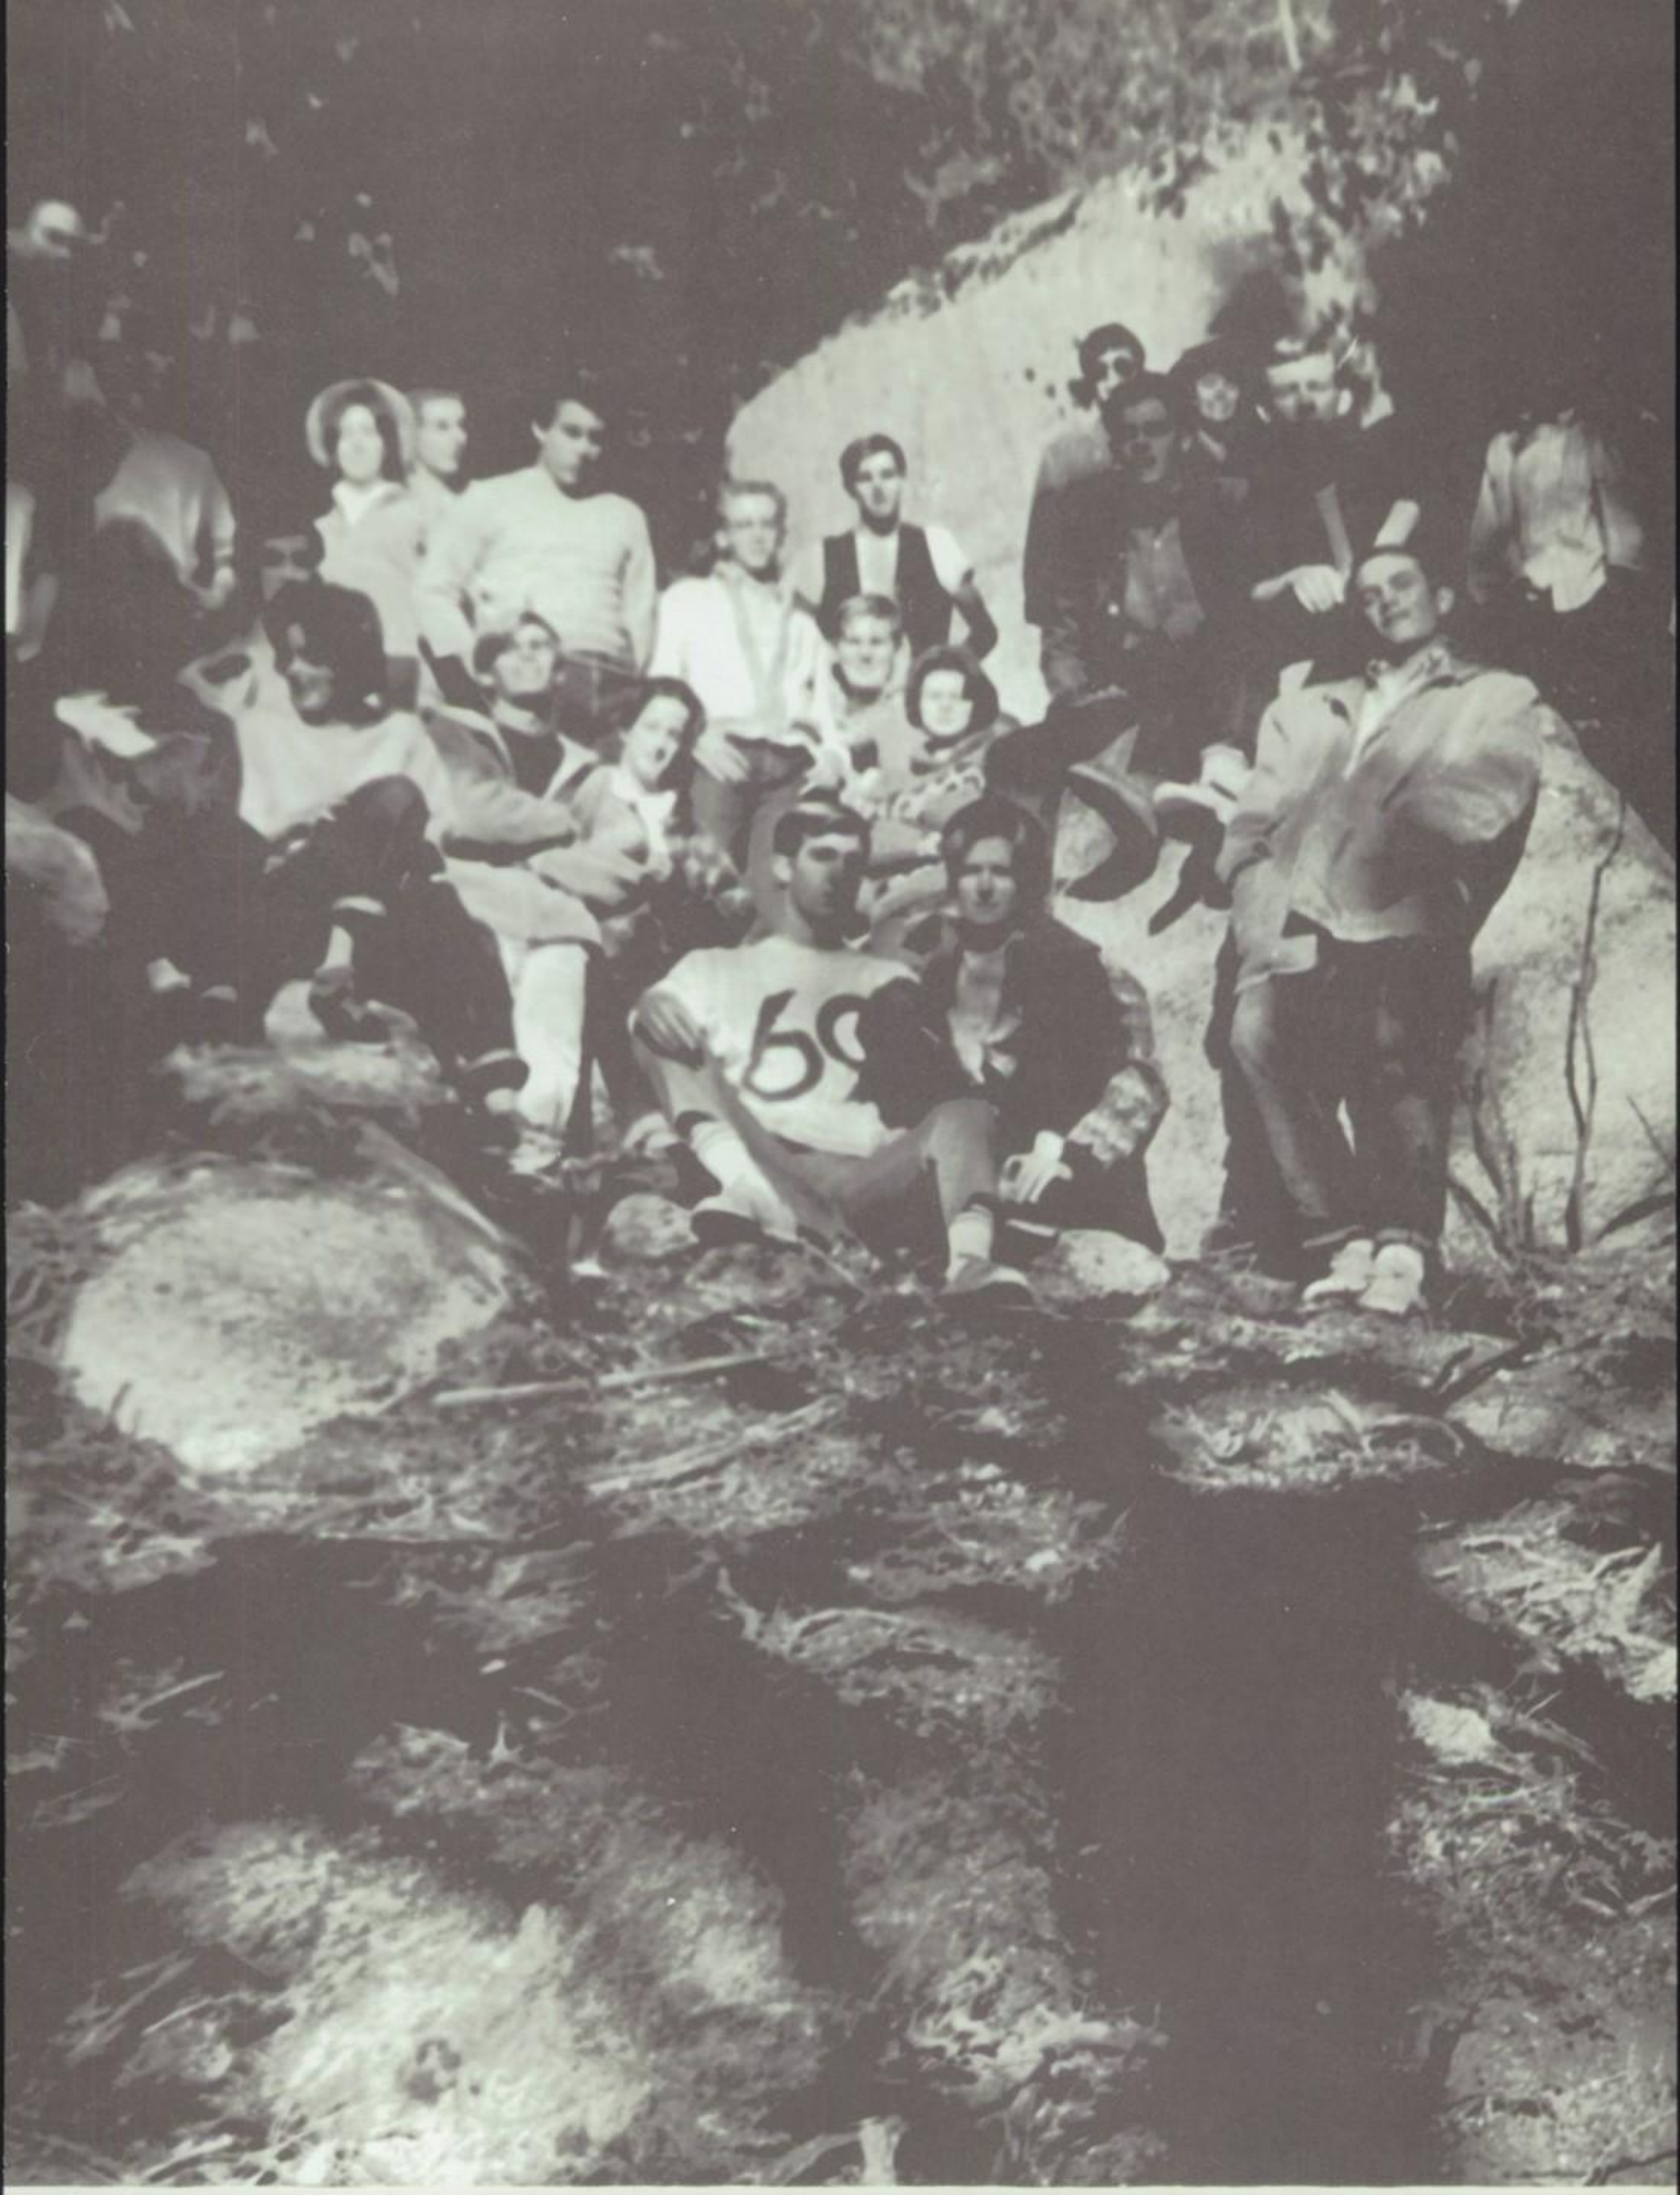
The Class of 1963

This year's Senior Class has been very productive. It has taken an ardent interest in the yearbook, THE THUNDERBIRD, and the Senior Store. As a class, the Seniors have maintained a good academic standing in the school. As the Seniors move on to a higher plane of education, they will leave an empty space within the school as have the Senior Classes of the years before, and as will the Senior Classes succeeding them. The Seniors of '64 will surely remember the marks left by each member of the graduating class of this year.



Before one knows "Libby", she appears to be very quiet and shy. When one gets to know her she is actually a very warm and outgoing person. Libby always has a smile on her face and a kind word in her heart. It is certain that whatever she does in the future, she will succeed as she did at Desert Sun.

"McGraw" is another seemingly quiet and shy person whose sense of humor belies this characteristic. He is well liked in his circle of close friends, and his sunny disposition is acclaimed by virtually everyone. John played arduously at the sports of Lacrosse and Soccer in his three years. He is also an excellent skier, and has been both President and Vice President of the Ski Club.

Another of John's attributes is his talent for playing the drums. He has been in the Falcon's Band of which he was an essential element.

McGraw has also been an essential part of the class of '63. Whatever John does in the future, his success will be illimitable.

Rick's two greatest attributes are playing the guitar, and his practically unlimited vocabulary in Spanish. Rick has been very active in sports during his three years at Desert Sun. In his Senior year he served on Student Council as Sports Committee, and on the Thunderbird as Sports Editor.

Rick is interested in Archaeology and Latin America. He plans to delve into both of these subjects in the future.

As far as sports go, Rick was one of the most adept members of the Soccer and Lacrosse teams.

He has also been talked about for his affinity for reptiles; more specifically, snakes. One can usually see Lee in one of two places: on the Soccer field or out in the hills looking for snakes.

Lee is not all nature boy. He is a very good student, also.

It appears that Lee is capable of doing most anything that can be done; and what is more, he is not afraid to do it.

This year' s Soccer team, inspired by Coach Zoltan von Somogyi, might well go down in history for its outstanding esprit de corps as well as for its victories.

Despite the fact that its captain John Shaw, was incapacitated by a broken leg early in the season, and despite the fact the number of sustitutes was very limited, this gallant team fought Army and Navy Academy at Carlsbad to a finish, defeating them with the following scores: 3 to 1, and 2 to 0.

Additional games were arranged on a Friday-Saturday schedule in Pasadena. At this time, in spite of a disparity of weight in favor of the opponents, and with the captain and a substitute both unable to play, the Desert Sun team won against Pasadena's Polytechnic High on Saturday and the Pebble Beach team of Robert Louis Stevenson on Sunday, defeating them 2 to 1 and 2 to 1, respectively. Playing later on the Webb School field near Claremont apparently outclassed by numbers, weight, and experience, the Desert Sun Warriors held Webb's #1 team scoreless until the last two minutes of the fourth quarter when two goals were scored by a Phillipino Exchange Student, in very skillful and deceptive plays.

Desert Sun is proud of the indomitable spirit and high class sportsmanship portrayed by von Somogyi's team.

The Christmas dance is one of the two big dances of the year in which everyone participates. This year it was felt by everyone that the decorations, entertainment, and refreshments surpassed those of any previous year. It was a dance enjoyed by all.

Confusion, in Hunter Hall, is very typical on the night of the Christmas formal.

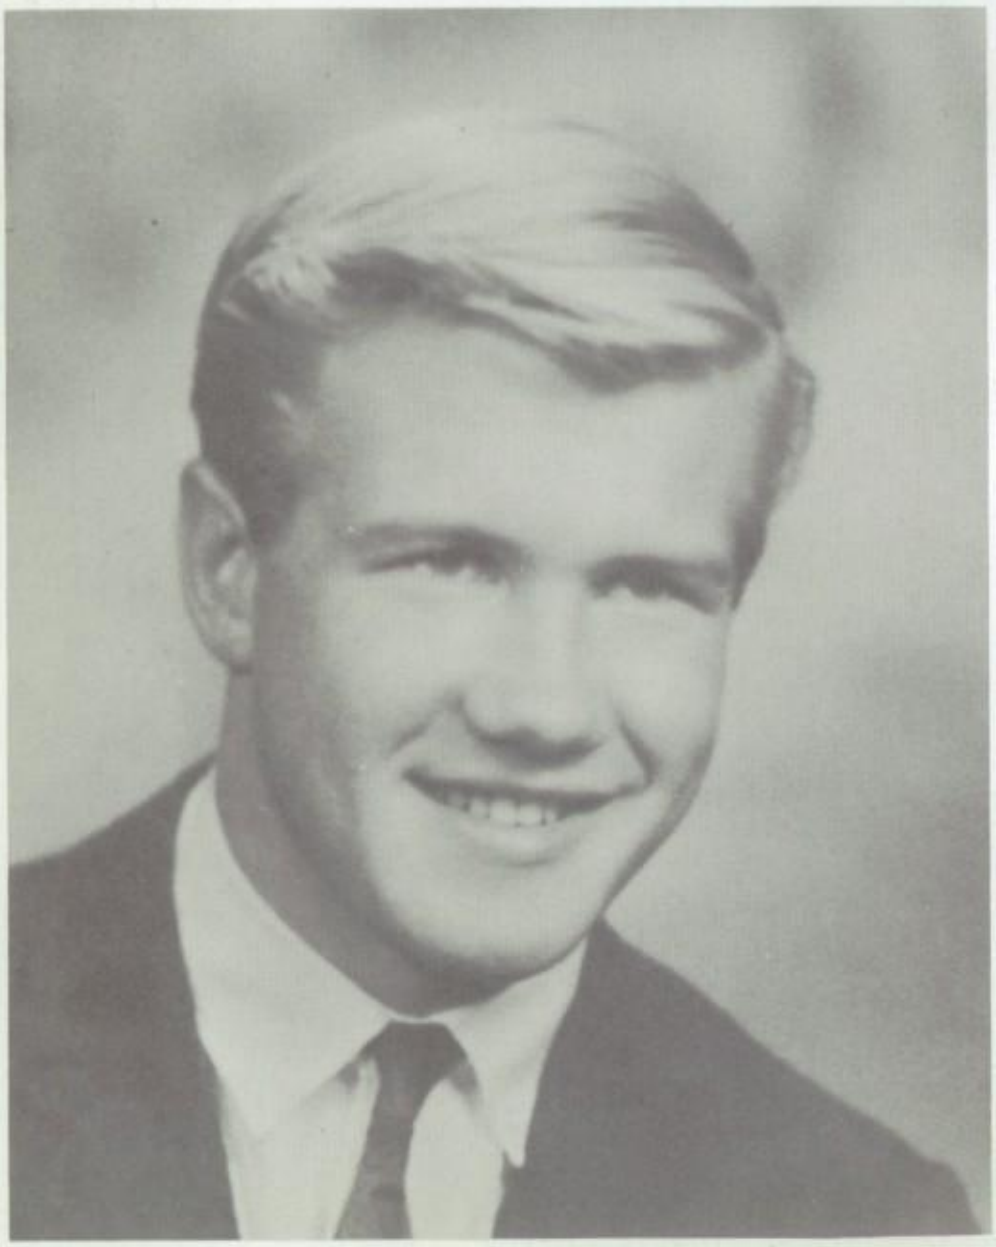
IN MEMORY OF

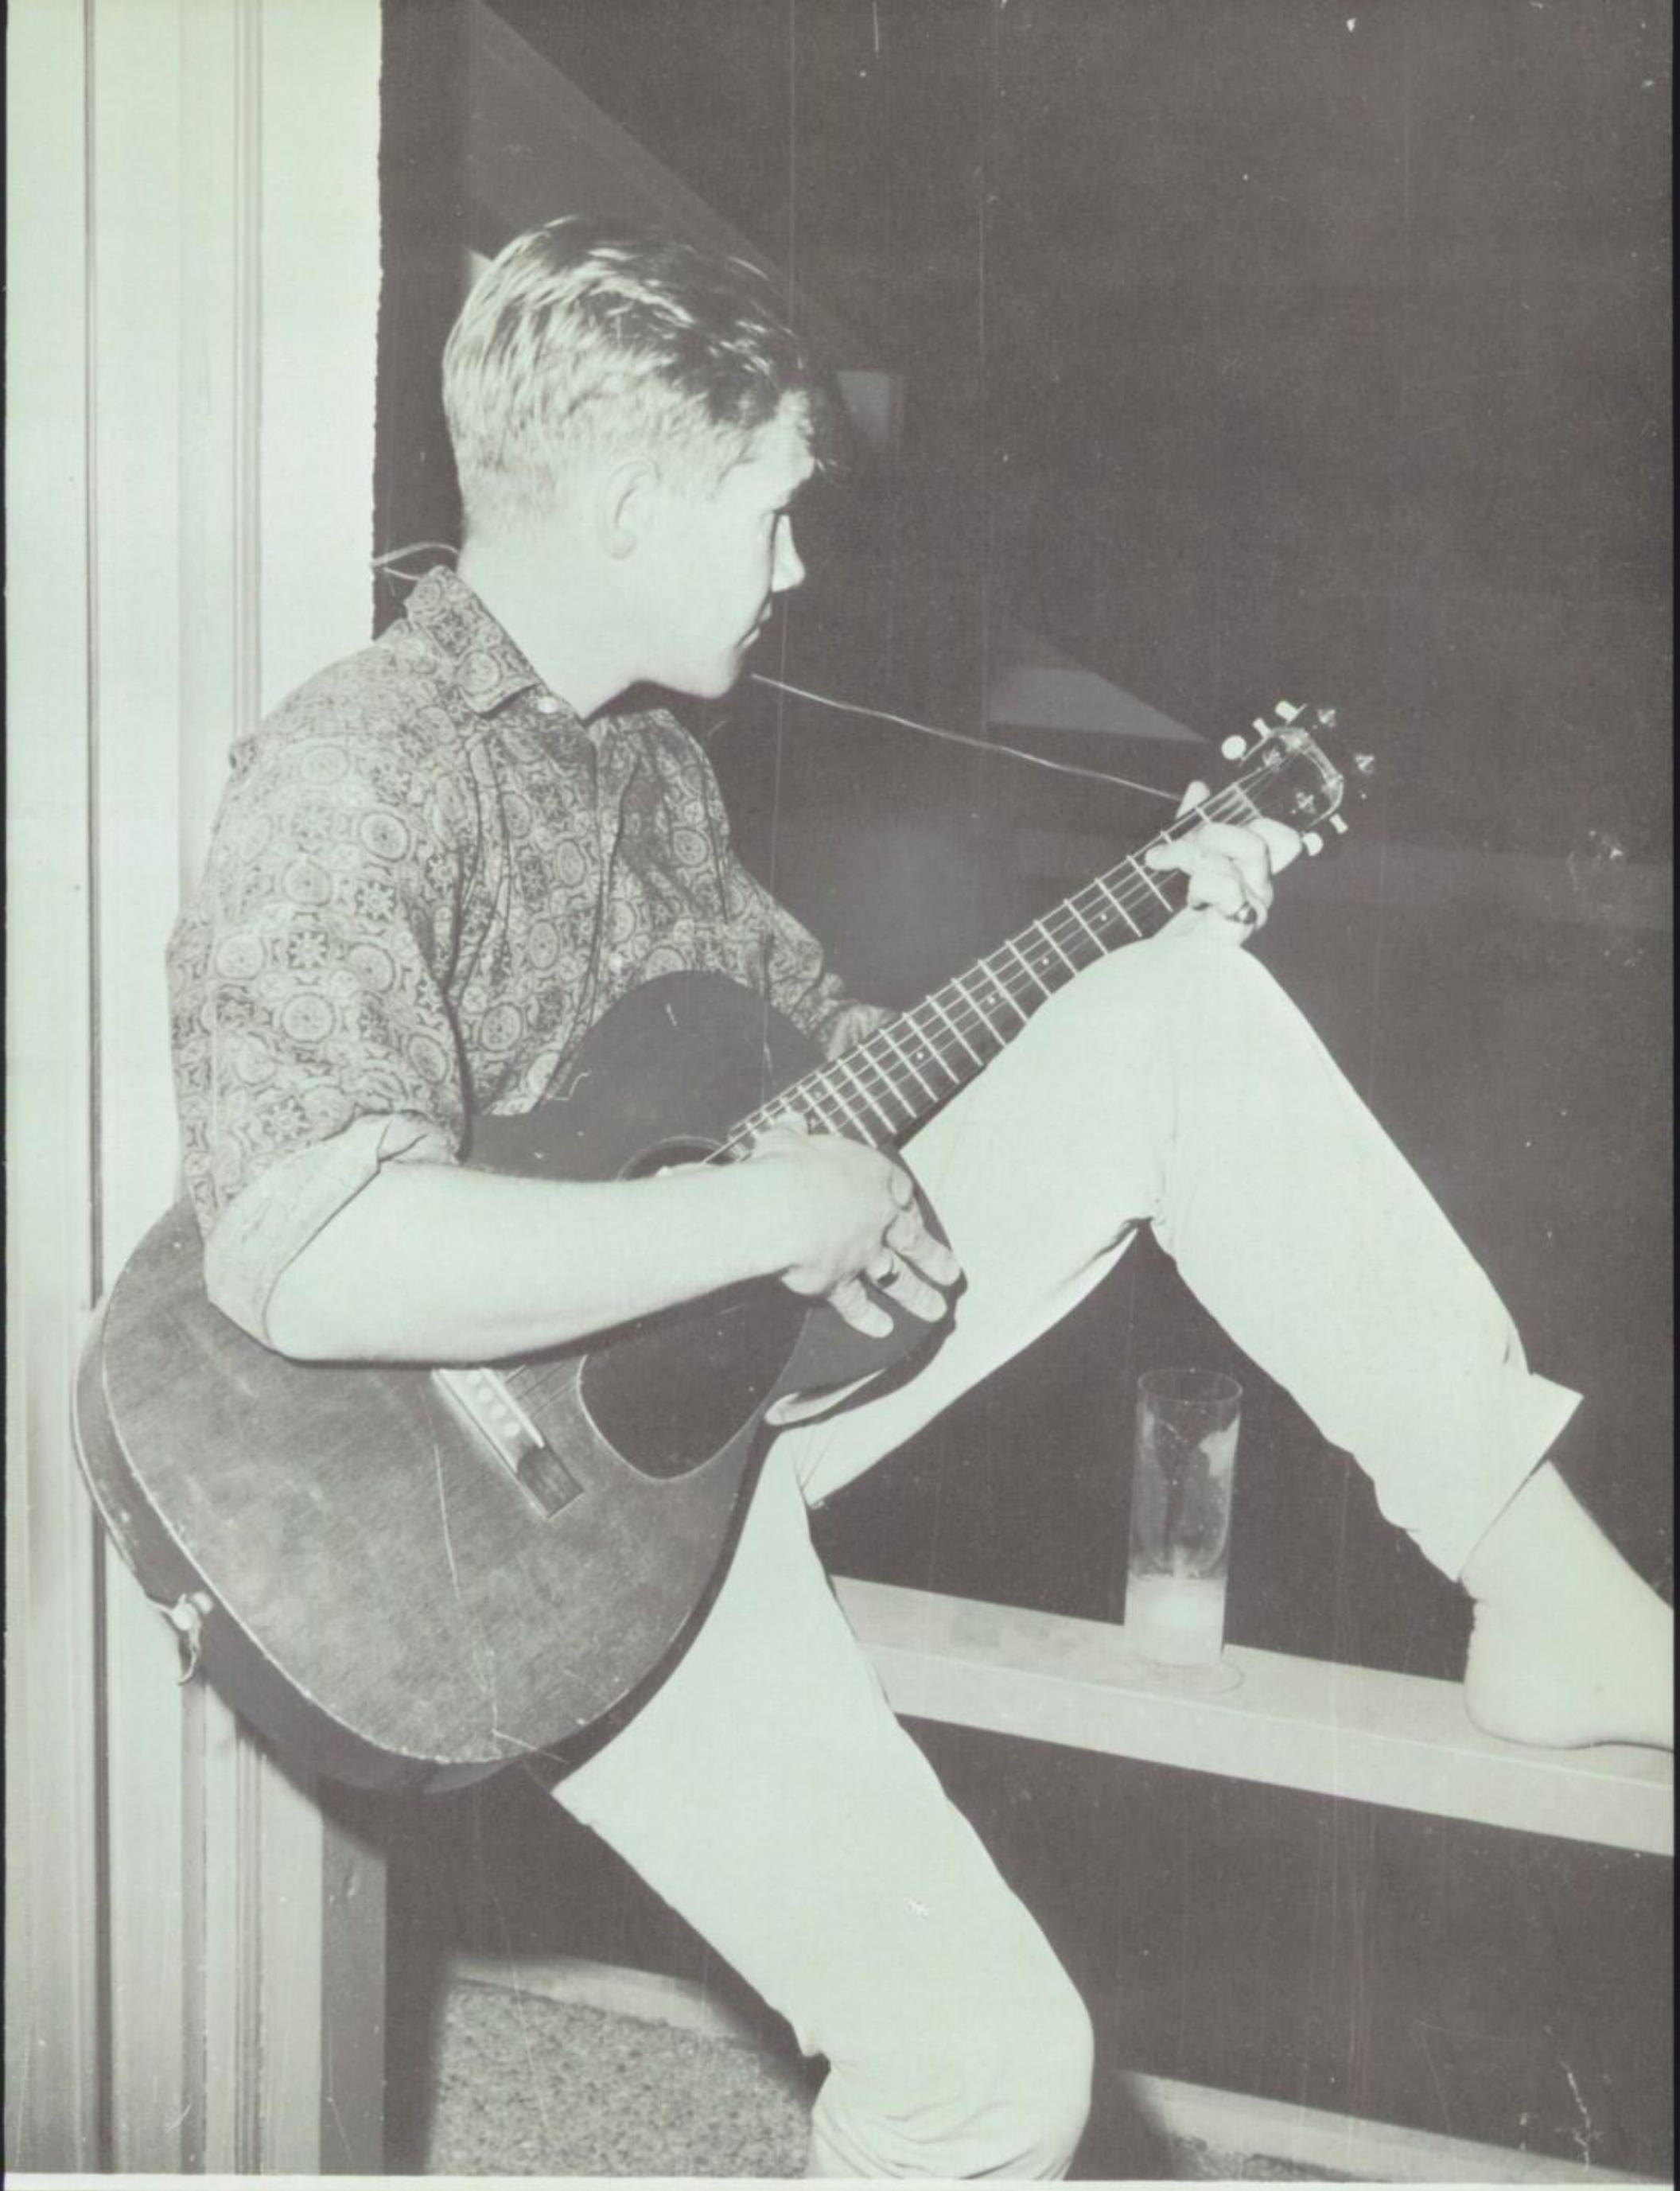
Berrien Palmer Anderson III

"Trig" or "Bear" as everyone called him, although possessed by a quietness indicative of his pensive mood, was admired by both young people and adults. As President of the Graduating Class of 1962, he inspired his classmates into building up the integrity of the school and maintaining it. Perhaps no one could match Trig when it came to school spirit. As an excellent sportsman in both Soccer and Lacrosse, he upheld the ego of the team and scored many points with an unselfish effort.

The THUNDERBIRD '63 wishes to publish this edition in memory of Trig and his contribution to the betterment of Desert Sun life and outlook.

"Young and strong I pass knowing well I am destined myself
to an early death;
But my charity has no death - my wisdom dies not, neither early nor late,
And my sweet love bequeath'd here and elsewhere never dies."





ADS

"In the labor of engines and trades and the labor of fields I find
the developments,
And find the eternal meanings."

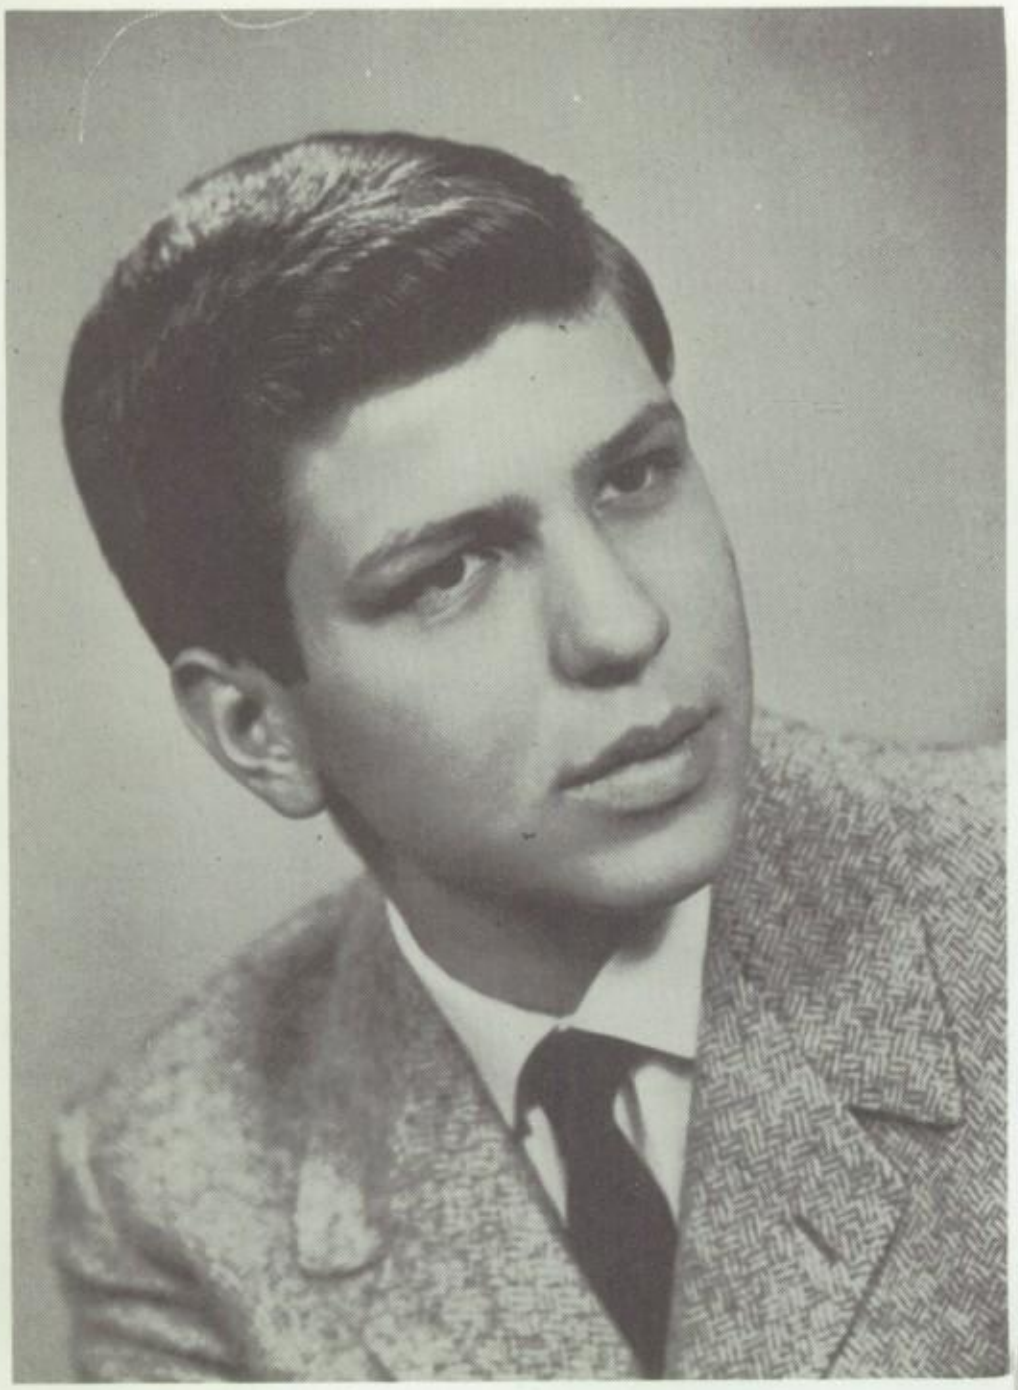
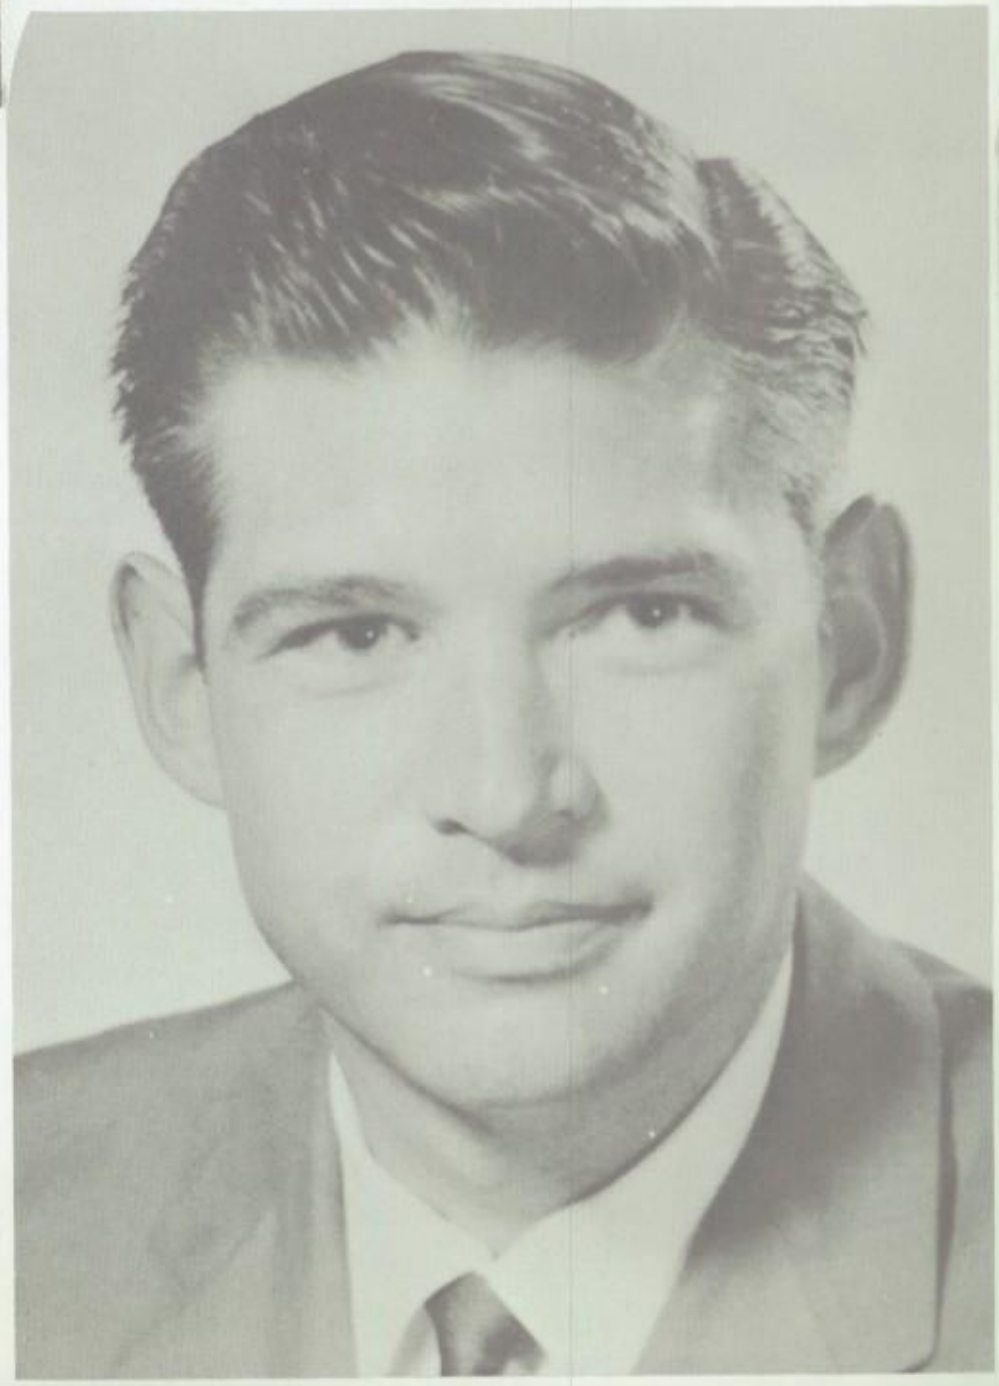
MOTHERS' CLUB



FRANK SINATRA, JR.

Frank is a well known alumni of Desert Sun School. He has a bright future ahead of him in the field of entertainment and music. This year he is studying music interpretation at the University of Southern California. The Senior Class and the rest of the student body have greatly appreciated the things which Frank has done for Desert Sun. We wish him all the success in the world.



RICHARD LITTLE

Mr. Little is a long-standing alumni of Desert Sun, who is now a student at UCLA and whose visits to Russia have added greatly to his entertaining character. He has also given several vespers which have been appreciated by all. We hope Mr. Little will return to Desert Sun again and again.

TRIG ANDERSON WING

This page of our yearbook is to acknowledge the dedication of the upper wing of the new boys' dorm. The entrance bears a plaque saying:

"Trig Anderson Wing
In Memory of
Berrien Palmer Anderson, III
Senior Class President - 1962"

A distinguished portrait of Trig can also be seen in the entrance hall.

This portion of the dorm accommodates eleven boys who, we hope, will also be inspired to greater challenges through the memory of this fine person.
